Average result :

Overall, you found the other presentations... (between 1 and 6 with 1 very boring, 6 super interesting)

Average result :

Some comments and remarks from students :

Other comments and remarks

Good course.

Other comments and remarks

really good course! Very good teaching style.

Other comments and remarks

Lovely course!

Other comments and remarks

It was cool :-)

Other comments and remarks

Good class between MAP & MAT

Other comments and remarks

Great course overall! Thanks for introducing us to so many novel and interesting topics

Other comments and remarks

A great course, I would recommend it!
I really liked the focus on exercises and learning by doing.

Other comments and remarks

Thank you!
